

Return to Halifax

Well the Jobcentre said so
But I guess I didn't know
As I said the story goes
That now we've got to go
You've got the course to start
Jobcentre you broke my heart
But now there's a means to an end
And I've made some great new friends

She lied to me
Sarah said this course would be easy
She lied to me
Well I tried, well I tried

Return to Halifax, return to Halifax, return to Halifax
You know we won't be back
Return to Halifax, return to Halifax, return to Halifax
You know we won't be back

Well I thought it might be lame
Daymon did the memory game
But was really pleased to know
We got to create The One Show
Eassessor password wrong
And all the writing we've done
It was available and free
And it's time to release me

They tried with me
Sarah helped me find the best in me
They tried with me
Yes they did, yes they did
They cried with me
Didn't realise how much fun it'd be
They cried with me
And Georgie too, and Georgie too

Return to Halifax, return to Halifax, return to Halifax
You know we won't be back
Return to Halifax, return to Halifax, return to Halifax
You know we won't be back

Believe in me
I can achieve anything I want to be
Believe in me
Yes I can, yes I can

Believe in me
I can do anything I want to do

Believe in me
Thanks to you, thanks to you

Return to Halifax, return to Halifax, return to Halifax
You know we won't be back
Return to Halifax, return to Halifax, return to Halifax
You know we won't be back

Return to Halifax, return to Halifax, return to Halifax
You know we won't be back
Return to Halifax, return to Halifax, return to Halifax
You know we won't be back
